CLASSIFICATION OF FILING

3. Choose the button next to the classification that best describes this filing. Choose only one.

☐ a. Assignment of Section 214 Authority

An Assignment of an authorization is a transaction in which the authorization, or a portion of it, is assigned from one entity to another. Following an assignment, the authorization will usually be held by an entity other than the one to which it was originally granted. (See Section 63.24(b).)

☒ b. Transfer of Control of Section 214 Authority

A Transfer of Control is a transaction in which the authorization remains held by the same entity, but there is a change in the entity or entities that control the authorization holder. (See Section 63.24(c).)

☐ c. Notification of Pro Forma Assignment of Section 214 Authority (No fee required)

☐ d. Notification of Pro Forma Transfer of Control of Section 214 Authority (No fee required)

Date of Consummation: Must be completed if you select c or d.

4. File Number(s) of Section 214 Authority(ies) for Which You Seek Consent to Assign or Transfer Control.

Note: If the Section 214 Authorization Holder whose authority is being assigned or transferred does not have an "ITC" File No. under which it is operating, contact the Help Desk for assistance before proceeding further with this application. You cannot enter an "ITC-ASG" or "ITC-T/C" File No. in response to this question. Your response must specify one or more "ITC" File Nos. Relevant "ITC-ASG" or "ITC-T/C" File Nos. should be listed only in Attachment 1 in response to Question 10.

9. Description (Summarize the nature of the application.)

(If the complete description does not appear in this box, please go to the end of the form to view it in its entirety.)

Joint International and Domestic Application for the Consent to
Transfer Control of eKit.com, Inc. to Jersey Telecom (UK) Limited

10. In Attachment 1, please respond to paragraphs (c) and (d) of Section 63.18 with respect to the assignor/transferor and the assignee/transferee. Label your response "Answer to Question 10".

11. Does any entity, directly or indirectly, own at least ten (10) percent of the equity of the assignee/transferee as determined by successive multiplication in the manner specified in the note to Section 63.18(h) of the rules?

☒ Yes ☐ No

If you answered "Yes" to this question, provide in Attachment 1, the name, address, citizenship, and principal businesses of each person or entity that directly or indirectly owns at least ten (10) percent of the equity of the assignee/transferee, and the percentage of equity owned by each of those persons or entities (to the nearest one percent). Label your response "Answer to Question 11."

12. Does the assignee/transferee have any interlocking directorates with a foreign carrier?

☒ Yes ☐ No

If you answered "Yes" to this question, identify each interlocking officer/director in Attachment 1. (See Section 63.09(g).) Provide the name and position/title of the individual or entity, the name of the foreign carrier, and the country in which the foreign carrier is authorized to operate. Label your response: "Answer to Question 12."

13. Provide in Attachment 1 a narrative of the means by which the proposed assignment or transfer of control will take place. In circumstances of a substantial assignment or transfer of control pursuant to Section 63.24(e), where the assignor seeks authority to assign only a portion of its U.S. international assets and/or customer base, please specify whether the assignor requests authority to continue to operate under any or all of its international Section 214 File Nos. after consummation; and, if so, please specify in Attachment 1 each File No. it seeks to retain in its own name. Label your response "Answer to Question 13."

Note: The assignor may retain any or all of its international Section 214 File Nos. In that case, the assignor will continue to hold the international section 214 authorizations that it specifies in response to this question. The ITC-ASG File No. that the Commission assigns to this application will, when granted, constitute Commission authorization of the proposed assignment of assets and /or customers from the assignor to the assignee. Unless Commission grant of the assignment application specifies otherwise, the assignee may provide the same services on the same routes as permitted under the assignor's Section 214 authorization(s), and the assignee may provide such service to any customers it may obtain in the ordinary course of business.

If this filing is not a notification of a pro forma assignment or pro forma transfer of control, please respond to Questions 14–20 below. (See Section 63.24(d).) Otherwise, you may proceed to Question 21 below.

14. Check "Yes" below if the assignee is a foreign carrier or if, upon consummation of the proposed assignment or transfer of control, the Section 214 holder would be affiliated with a foreign carrier. (See Section 63.18 (i).) The terms "foreign carrier" and "affiliated" are defined in Section 63.09 (d) & (e) of the rules respectively.

☒ Yes ☐ No

If you answered "Yes" to this question, please specify in Attachment 1 each foreign country in which the assignee is a foreign carrier or in which the Section 214 holder, upon consummation, would be affiliated with a foreign carrier. Label your response, "Answer to Question 14."

15. If this application is granted and the proposed assignment or transfer is consummated, would the Section 214 holder be authorized to provide service to any destination country for which any of the following statements is true?

☒ Yes ☐ No

- (1) The Section 214 holder is a foreign carrier in that country; or
- (2) The Section 214 holder controls a foreign carrier in that country; or
- (3) Any entity that owns more than 25 percent of the Section 214 holder, or that controls the Section 214 holder, controls a foreign carrier in that country.
- (4) Two or more foreign carriers (or parties that control foreign carriers) own, in the aggregate, more than 25 percent of the Section 214 holder and are parties to, or the beneficiaries of, a contractual relation (e.g., a joint venture or market alliance) affecting the provision or marketing of international basic telecommunications services in the United States.

If you answered "Yes" to this question, please specify in Attachment 1 each foreign carrier and country for which any of the above statements would be true. Label your response, "Answer to Question 15."

16. If you answered "Yes" to question 14, do you request classification of the Section 214 holder as a "non-dominant" carrier, upon consummation of the proposed transaction, between the United States and any or all countries listed in response to Question 14? See Section 63.10 of the rules.

☒ Yes ☐ No

If you answered "Yes" to this question, you must provide information in Attachment 1 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10 of the rules on each U.S.-destination country route where it would be a foreign carrier, or would be affiliated with a foreign carrier and for which you request non-dominant classification. Label your response, "Answer to Question 16."

17. If you answered "Yes" to question 14 and you have not provided information in response to Question 16 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10 of the rules on each U.S.-destination route where it would be a foreign carrier, or be affiliated with a foreign carrier, check "Yes" below to certify that the assignee/transferee agrees to comply with the dominant carrier safeguards in Section 63.10 (c) & (e) of the rules in the provision of international service between the United States and any foreign country(ies) for which you have not provided the required information.

☐ Yes, I certify that I agree to comply with the dominant carrier safeguards in Section 63.10 (c) & (e) of the rules in my provision of international service between the United States and the following foreign country(ies):

☒ No, Does not apply.

18. If you answered "Yes" to question 15, and if you have not provided information in response to question 16 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10 of the rules in its provision of service to each of the countries identified in response to question 15, the Section 214 holder may not be eligible to provide international telecommunications service between the U.S. and each such country following consummation of the assignment or transfer. In order to determine whether the public interest would be served by authorizing service on these U.S.-destination country routes, the assignee/transferee must provide information, in Attachment 1, to satisfy one of the showings specified in Section 63.18(k) of the rules. Label your response, "Answer to Question 18."

19. If the assignee, or the Section 214 holder that is the subject of this transfer of control application, is a provider of Commercial Mobile Radio Services, you need not answer this question.

If any of the Section 214 authorization(s) that would be assigned or transferred, authorize the Section 214 holder to resell the international switched services of an unaffiliated U.S. carrier for the purpose of providing international telecommunications services to a country listed in response to question 14, and unless you have provided information in response to question 16 to demonstrate that the Section 214 holder would qualify for non-dominant classification under Section 63.10(a)(3) of the rules for each country, check "Yes" below to certify that the assignee/transferee will file the quarterly traffic reports required by Section 43.61(c) of the rules; and/or state in Attachment I that the foreign carrier(s) for which the applicant has not made a showing under Section 63.10(c)(3) do(es) not collect settlement payments from U.S. international carriers. (See Section 63.18(l).)

☒ Yes, I certify that I agree to comply with the quarterly traffic reporting requirements set forth in section 43.61(c) of the rules.

20. If the applicant desires streamlined processing pursuant to Section 63.12 of the rules, provide in Attachment 1 a statement of how the application qualifies for streamlined processing. (See Section 63.18(p).) Note that, if the application is being filed in connection with a sale of assets or reorganization of a carrier or its parent pursuant to the U.S. bankruptcy laws, the application may not be eligible for streamlined processing until final bankruptcy court approval of the proposed sale or reorganization.

Applicant certifies that its responses to questions 21 through 25 are true:

21. The assignee/transferee certifies that it has not agreed to accept special concessions directly or indirectly from a foreign carrier with respect to any U.S. international route where the foreign carrier possesses sufficient market power on the foreign end of the route to affect competition adversely in the U.S. market and will not enter into any such agreements in the future. ☒ Yes ☐ No

22. By signing this application, the undersigned certify either (1) that the authorization(s) will not be assigned or that control of the authorization(s) will not be transferred until the consent of the Federal Communications Commission has been given, or (2) that prior Commission consent is not required because the transaction is subject to the notification procedures for pro forma transactions under Section 63.24 of the rules. The assignee/transferee also acknowledges that the Commission must be notified by letter within 30 days of a consummation or of a decision not to consummate. (See Section 63.24(e)(4).) ☒ Yes ☐ No

23. If this filing is a notification of a pro forma assignment or transfer of control, the undersigned certify that the assignment or transfer of control was pro forma and that, together with all previous pro forma transactions, does not result in a change in the actual controlling party. ☐ Yes ☐ No
☒ Not a Pro Forma

24. The undersigned certify that all statements made in this application and in the exhibits, attachments, or documents incorporated by reference are material, are part of this application, and are true, complete, correct, and made in good faith. ☒ Yes ☐ No

25. The assignee/transferee certifies that neither it nor any other party to the application is subject to a denial of Federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. 12 1/2 862, because of a conviction for possession or distribution of a controlled substance. See Section 1.2002(b) of the rules, 47 CFR 12 1/2 1.2002(b), for the definition of "party to the application" as used in this certification. ☒ Yes ☐ No

January 26, 2011

Joint International and Domestic Application for the Consent to Transfer Control of 214 Authorized Carrier
Attachment 1 (page 2 of 8)

In response to 47 C.F.R. § 63.18(d):

eKit previously received authority under Section 214 of the Act to provide international switched services on a facilities-based (Section 63.18(e)(1)) and resale basis (Section 63.18(e)(2)) under File No. ITC-214-20060810-00384 (granted 01/09/2007). Jersey UK has not previously received authority under Section 214 of the Act.

ANSWER TO QUESTION 11:

The following entities currently hold, directly or indirectly, at least ten (10) percent of the equity in Jersey UK as determined by successive multiplications in the manner specified in the note to Section 63.18(h) of the Commission's rules:

Name/Address	% of Shares	Country / State of Incorporation	Principal Occupation / Business
JT Group Limited No. 1 The Forum, Grenville Street Saint Helier, Jersey, JE4 8PB	100% direct ownership of Jersey UK	Bailiwick of Jersey	Holding company for the Government of the Bailiwick of Jersey

The following entities currently hold directly at least ten (10) percent of the equity in JT Group Limited and, consequently, indirectly hold at least ten (10) percent of the equity in Jersey UK:

Name/Address	% of Shares	Country / State of Incorporation	Principal Occupation / Business
States of Jersey Saint Helier, Jersey	100% direct ownership of JT Group Limited	Bailiwick of Jersey	Government of the Bailiwick of Jersey

No other entities or individuals hold a ten percent (10%) or greater attributable ownership interest in Jersey UK.

ANSWER TO QUESTION 12:

The proposed transferee, Jersey UK, has interlocking directorates with its foreign carrier sister companies, Wave Telecom Limited ("Wave Telecom") and Jersey Telecom Limited ("JTL"). Wave Telecom is a wholly-owned subsidiary of JT Group Limited and operates in the Bailiwick of Guernsey. JTL is also a wholly-owned subsidiary of JT Group Limited and operates in the Bailiwick of Jersey. Jersey UK does not have interlocking directorates with any other foreign carriers. The following individuals serve as directors of Jersey UK, Wave Telecom and JTL:

Graeme Millar
Geoff Weir

ANSWER TO QUESTION 13:

By the instant application, eKit (the 214 authorized company) and Jersey UK request Commission approval to have Jersey UK acquire 100% of the direct ownership interest in eKit pursuant to an Agreement and Plan of Merger ("Agreement") executed on December 29, 2010. Under the Agreement, Commission approval must occur prior to consummation of the transaction. eKit will continue to exist as an operating company and will continue to operate under its existing 214 authorization (File No. ITC-214-20060810-00384) after the transaction has been consummated.

eKit, the 214 authorized company, is a company organized under the laws of the state of Delaware. Jersey UK is a holding company organized under the laws of the United Kingdom. Jersey UK does not provide any telecommunications services in the U.S. or the United Kingdom. Jersey Telecom, Inc. ("JTI"), a wholly-owned subsidiary of Jersey UK, is a company organized under the laws of Delaware for purposes of the merger. JTI is not an authorized telecommunications service provider in the U.S. or any foreign country. Pursuant to the Agreement, Jersey UK will acquire 100% of the direct ownership interest in eKit through a merger of eKit with JTI. Specifically, upon consummation of the proposed transaction JTI shall be merged with and into eKit under Delaware law. JTI will cease to exist after the merger, and eKit will then be the surviving corporation and a wholly-owned direct subsidiary of Jersey UK. After the transaction, eKit will continue to operate under its existing 214 authorization (except with different ownership) and will have (initially) the same company officers. The proposed merger transaction will have no operational effect on eKit's customers, which will each continue to obtain service from, and be billed by, the same entity with the same contact information as before.

Illustrations of the current and proposed ownership structures for eKit are provided in **Diagram 1** and **Diagram 2**, further below.

ANSWER TO QUESTION 14:

Jersey UK is not a foreign carrier. However, upon consummation of the transaction, eKit will be affiliated with Jersey UK's foreign carrier sister companies, JTL and Wave Telecom. JTL is a foreign carrier which provides telecommunications services in the Bailiwick of Jersey. Wave Telecom is a foreign carrier which provides telecommunications services in the Bailiwick of Guernsey. Applicants certify that, upon consummation of the proposed transaction, eKit will be a wholly owned subsidiary of Jersey UK and will be affiliated with foreign carriers in the Bailiwicks of Jersey and Guernsey.

ANSWER TO QUESTION 15:

Upon consummation of the proposed transaction, JT Group Limited will indirectly own and control 100% of eKit, the Section 214 authorization holder. Applicants certify that, upon consummation of the transaction, eKit would be authorized to provide services to destination

countries (Bailiwicks of Jersey and Guernsey) in which JT Group Limited controls foreign carriers (Wave Telecom and JTL).

ANSWER TO QUESTION 16:

Applicants request classification of eKit as “non-dominant” between the U.S. and the Bailiwicks of Jersey and Guernsey. eKit qualifies for a presumptive classification as non-dominant under Section 63.10 of the Commission’s rules for the following reasons. Wave Telecom is not a monopoly provider of telecommunications services in the Bailiwick of Guernsey, and the company lacks 50% of the market share in the international transport and the local access markets on the foreign end of the applicable route. Accordingly, eKit is presumptively classified as non-dominant with respect to Guernsey.¹ JTL has more than 50% of the international transport and the local access market share in the Bailiwick of Jersey, but eKit is presumptively classified as non-dominant with respect to that market because the company provides international switched services to Jersey solely through the resale (either directly or indirectly) of unaffiliated U.S. facilities-based carriers’ international switched services.²

ANSWER TO QUESTION 20:

Applicants request streamlined processing of the application. The application qualifies for streamlined processing as the Commission has determined that Wave Telecom and JTL do not possess market power in the destination markets of Guernsey and Jersey, as detailed in the ANSWER TO QUESTION 16, *supra*.³

¹ See 47 C.F.R. § 63.10(a)(3). The Commission presumes that Cable & Wireless Guernsey Ltd. (which is unaffiliated with the instant applicants) is the foreign carrier which possesses market power in the destination market of Guernsey. See *The International Bureau Revises and Reissues the Commission's List of Foreign Telecommunications Carriers that Are Presumed to Possess Market Power in Foreign Telecommunications Markets*, Public Notice, DA 07-233, January 26, 2007 (“Foreign Carrier List”).

² See 47 C.F.R. § 63.10(a)(4). Significantly, no foreign carrier is presumed by the Commission to possess market power in the destination market of Jersey. See Foreign Carrier List.

³ See 47 C.F.R. §§ 63.12(c)(1)(i).

DOMESTIC APPLICATION SUPPLEMENT

Pursuant to 47 C.F.R. § 63.04 (b), the following information corresponding to 47 C.F.R. §§ 63.04(a)(6) – (a)(12) is supplied in connection with the Joint International and Domestic Application for the Consent to Transfer Control of 214 Authorized Carrier and is intended to fulfill the requirements for the transfer of control of a domestic carrier.

Section 63.04(a)(6) - Description of the transaction:

See ANSWER TO QUESTION 13, supra.

Section 63.04(a)(7) - A description of the geographic areas in which the transferor and transferee (and their affiliates) offer domestic telecommunications services, and what services are provided in each area:

Jersey UK does not provide domestic telecommunications services in the U.S. eKit offers domestic telecommunications services across the U.S.,⁴ but primarily focuses on providing telecommunications services for international travelers. eKit's services include: roaming SIM cards for travelers, mobile phone services, domestic SIM cards, prepaid phonecards and satellite phone services. Approximately 70% of eKit's customers are internationally traveling Americans, 20% English and European, and 10% Australian. eKit and Jersey UK are not affiliated with any other domestic telecommunications providers.

Section 63.04(a)(8) - A statement as to how the application fits into one or more of the presumptive streamlined categories in section 63.03 or why it is otherwise appropriate for streamlined treatment:

The proposed transaction would result in the transferee (Jersey UK) having less than a 10 percent market share in the interstate, interexchange market. The parties to the transaction will all continue to operate exclusively in geographic areas served by a dominant local exchange carrier that is not a party to this transaction. eKit and Jersey Telecom are not dominant with respect to any domestic telecommunications service. Accordingly, this application is appropriate for streamlined treatment pursuant to 47 C.F.R. § 63.03 (b)(2).

Section 63.04(a)(9) - Identification of all other Commission applications related to the same transaction:

This joint application is submitted concurrently with both the FCC's International Bureau and Wireline Competition Bureau. There are no other Commission applications related to the same transaction.

⁴ The company also holds authorization to provide intrastate services in the state of California.

Section 63.04(a)(10) - A statement of whether the applicants are requesting special consideration because either party to the transaction is facing imminent business failure:

Not applicable.

Section 63.04(a)(11) - Identification of any separately filed waiver requests being sought in conjunction with the transaction:

Not applicable.

Section 63.04(a)(12) - A statement showing how grant of the application will serve the public interest, convenience and necessity, including any additional information that may be necessary to show the effect of the proposed transaction on competition in domestic markets:

Consummation of the proposed transaction will serve the public interest in promoting competition in the international and domestic telecommunications market by providing eKit the opportunity to strengthen its competitive positions through the addition of capital from Jersey UK, and by combining the resources and expertise of both companies. Accordingly, the proposed acquisition will benefit consumers through improved services and lower rates, thereby promoting competition in the international and domestic telecommunications market. Given the Commission's desire to foster competition in the international and domestic telecommunications services market, grant of the proposed transaction is in the public interest.
